EU sanction - Russian iron and steel

Dear Business Partner / To Whom it may concern

In accordance with current sanction regulations we confirm that Hydroscand Group has taken necessary measures internally and requested the same towards our suppliers. Based on the reply of suppliers and to the best of our knowledge, the part numbers supplied by Hydroscand Group do not contain inputs of iron and steel originating from Russia in conjunction with Annex XVII to the Council Regulation (EU) 833/2014. This confirmation is valid for all iron and steel products listed in Annex XVII of Reg. (EU) 833/2014 and imported into EU from 30th September 2023 onwards.

Hydroscand Group is committed to fully support and implement EU restrictions for its own business activities and across its business partner network.
